

Online Prospect Research Tool

Prospect Research Made Simple.

Beloved by the colleges and universities for which it was designed, AlumniFinder Online, developed by AccuData, offers the same benefits to our nonprofit partners. Powered by LexisNexis® data, AlumniFinder Online allows you to query more than 1 billion current and historical records of consumer contact information, historical addresses, familial connections, financial status, and more.

Benefits

Quickly and easily find information about donors and update records.

Target new donors based on wealth and giving history.

Reach more donors with less spend to increase fundraising ROI.

Advanced Prospect Research for Modern Fundraising

Accurately target your development, fundraising, and marketing efforts on your desired audience with AccuData's easy-to-use online tool:

- Update your donors' addresses, phone numbers, email addresses, social media handles, and more
- Research prospective donors for planned giving and major gift campaigns
- Build customized reports about donors with only the information you need
- Search for assets, business ownership, boat and aircraft registrations, employment information, marriage/divorce records, voter information, and much more
- Get a free Data Quality Report to quickly check the accuracy of records in your database

Pay only for the services you use, with no monthly subscription fee, contracts, or hidden costs. Get started today!
